

November 28, 2017

Dear Reduced Rate Program Recipient,

ERBM Recreation & Park District is pleased to continue offering financial assistance to qualifying individuals and families in our community. Find details of the program below and on the forms attached.

In order to ensure fair and equitable administration of this financial assistance awarded by the District, applications for the Reduced Rate Program must be completed and verified annually. If you are interested in applying for the Reduced Rate program for the 2018 calendar year, please complete the enclosed application and return it to the Meeker Recreation Center at your earliest convenience. In order to qualify for ERBM's Reduced Rate Program, verified participation in a state or federal need based assistance program will be required. Please list assistance received along with current documentation or agency contact information.

Financial assistance is not guaranteed and will be based upon a thorough review of the application and supporting information by the District Executive Director or designee. Applicants will receive a letter stating whether or not they have been accepted into the Reduced Rate Program.

Thank you for your interest and participation in ERBM District programs and services and we look forward to working with you to accomplish our mission to "improve well-being and promote a vibrant community" here in Meeker.

Sincerely,

ERBM Guest Services Team
